# 2022-2023 HOLIDAY VACCINE SHIPPING SCHEDULE

## VFC, VFA, FLU & COVID-19 VACCINES

In preparation for this year's holiday season, please note the following dates that

McKesson will **not be** shipping VFC, VFA, and FLU vaccines to providers:

**Tuesday, November 22nd through Friday, November 25th, 2022**

**Wednesday, December 21st, 2022 through Monday, January 2nd, 2023**

Pfizer and McKesson Specialty will **not be** shipping COVID-19 vaccines to providers:

**Wednesday, November 23rd through Sunday, November 27th, 2022**

**Wednesday, December 21st, 2022 through Monday, January 2nd, 2023**

**Normal shipping will resume on  
Tuesday, January 3rd, 2023**

Place your vaccine orders in ASIIS by the end of the day Monday, **December 12th** in order to receive your vaccines before the no shipping period.

If your order is submitted in ASIIS after Monday, December 12th, 2022, you may not receive your order before the no-shipping period starting on Wednesday, December 21st, 2022.

Order enough vaccines to maintain an adequate inventory between December 21st, 2022 and January 3rd, 2023.

Every time an order is placed, providers must email data logger reports from the last recorded date and time of the previously emailed data logger reports up until the date and time the order is submitted. The reports must be sent directly from the data logger application or in data format (.xlsx, .txt, or .csv) to [arizonavfc@azdhs.gov](mailto:arizonavfc@azdhs.gov).

If we do not receive the data logger reports with your order, the order may be denied and a new order will need to be placed, which can delay receiving your vaccines until January 2023.

If you have any questions, please do not hesitate to contact our office at 602-364-3630.
